

MSc.

International Finance and Investment

Applications for **2026** are now **OPEN**

Fees: P130,000.00

OVERVIEW

The programme is designed to meet the growing demand for highly skilled and intellectual professionals in wealth management. Learners will gain specialist knowledge in investment management and finance, while developing the ability to research, appraise and critically evaluate current issues in the financial sector. This programme covers topics in areas of pensions, socially responsible mutual funds and the impact of hedge funds on economic growth.

This programme is offered by Botswana School of Business Sciences in collaboration with Sheffield Business School which is accredited by the Association to Advance Collegiate Schools of Business (AACSB), placing them in the top 6% of business schools globally. In addition to excellent BAC tutors, learners also benefit from Sheffield Hallam's exceptional teaching, which is rated 5* in the latest QS Top Universities rankings.

Programme Summary

- Develops transferable skills for national and international business.
- Explores financial markets, institutions, regulation and systems development.
- Analyses financial risk strategies for investment and portfolio management.
- Undertakes real-world learning to gain immediate value for current or potential employers.

Learning Methods and Mode of Delivery

This programme starts by developing a strong understanding of wealth management and the practical skills relating to investment management and finance practices globally. Learners are taught by staff who have industry experience and/or are active researchers.

Through a combination of teaching methods learners develop in-depth knowledge and a range of skills. Learners implement theories and techniques, problem-solving activities, research and teamwork – taking an active approach to their learning and self-development.

Future Careers

This programme prepares learners for careers as:

- Investment Analysts
- Financial Analysts
- Portfolio Analysts
- Equity or Fixed-Income Analysts
- Fund Management Assistants
- Risk Analysts
- Treasury Analysts
- Corporate Finance Analysts
- Financial Markets Analysts
- Investment Consultants
